As I stood there, empty men all around me
Got to get to [Incomprehensible]
Came a warning, no disguise
Just a calling for you to [Incomprehensible]

And did you feel like letting go
The man inside who has a right to know

Don't walk away
There's so much to say
Just come back and stay
You'll crash and burn someday

It's the way I'm feeling
It's the way I'm feeling

Like a whirlwind, the message came
Tried to tell me to open up my eyes
You would tell me the part again

You would break me 'til you realize
Will you realize?

Did you feel like letting go
The man inside who has a right to know

Don't walk away
There's so much to say
Just come back and stay
You'll crash and burn someday

It's the way I'm feeling
It's the way I'm feeling
It's the way I'm feeling

Just don't walk away
You'll crash and burn someday

It's the way I'm feeling

Don't you ever walk away
Don't you ever walk away

It's the way I'm feeling
It's the way I'm feeling
