Try and get some rest
Try and get some sleep
All these roads will take you to me
Try to slow your heart
Try and clear your head
Night is just the day giving in

A sandman parade
All on their way to encompass you
Here I will stay, though miles away I can protect you

Try and get some rest
Try and get some sleep
All these roads will take you to me
Try and slow your heart
Try and clear your head
Night is just the day breathing in

A sandman parade
All on their way to encompass you
Here I will stay, though miles away I can protect you
