Hey mirror dame
In the window frame
You've got problems of your own but I love you all the
Same
There's nothing for us here
We could start over again
Keep your promise to me

I came I saw
What do you need me for
I suck and drain
To numb the pain
What do you need me for?

My broken heart in the rain and the pain of being shot
Down like an aeroplane
There's a devil in the trees
Don't let him in please
The sky was made of stone
And all my jokes are getting old
Keep your promise to me

I came I saw
What do you need me for
I suck and drain
To numb the pain
What do you need me for?

My broken heart in the rain and the pain of being shot
Down like an aeroplane
Keep your promise to me

I came I saw
What do you need me for
I suck and drain
To numb the pain
What do you need me for?

Where oh where
Am I alone
Well I don't know

Where oh where
Am I alone
Well I don't know
Where oh where
Am I alone
Well I don't know
Where oh where
Am I alone
Well I don't know
