All across the subways
These voices cry the same phrase
We're leavin' in a motor car, today

Streetlights in the rear view
Just shadows through the dark blue
Was thinking about moving away

I pray, just take me somewhere
And where I go, I don't care
The winter's in the city by me, so
By me, so, oh oh

And drive
Drive me faster
Just through those early hours
I never want your flowers
On my grave
As the last chord rings
Take these flowers away

Oh Oh, La La La La
La La La

It's something 'bout the buildings
That leaves me with this sinking feeling
I honestly thought I'd lost

But point your finger
Trace a line back to
That time
Well those words were mine
What's coming up behind?

A hundred miles of open space
And we're side by side

Drive
Drive me faster
Just through those early hours
I never want your flowers

On my grave
As the last chord rings
Take these flowers away

Oh Oh Oh Oh
Drive
Drive me faster
Just through those early hours
I never want your flowers
On my grave
As the last chord rings
Take these flowers away
