I am really special cuz there's only one of me
Look at my smile, I'm so damn happy, other people are
jealous of me
When I'm sad and lonely, I like to sing this song
It cheers me up and shows me that I won't be sad for
long
Oh oh oh I'm so happy, I can barely breathe
Puppy dogs and sugar frogs and kittens, baby teeth
Watch out all you mothers, I'm happy, it's hardcore
Happy as a coupon for a \$20 whore
Ha-ha-ha hah
I'm really happy, I'm sugar coated me,
Happy, good, anger, bad, that's my philosophy
Spoken: I can't do this, man. I'm not happy.
I am really special, cuz there's only one of me
Look at my smile, I'm so damn happy, other people are
jealous of me
These are my lovehandles, and this is my spout,
But if you tip me over, then mama said knock you out
I am special, I am happy, I am gonna heave
Welcome to my happy world, now get your shit and
leave
I am happy, I am good, I am...
Spoken: I'm Outta Here! Screw You!
