i was on my way to work, wen i realised im wasted,
still wasted frm the party last nite,
so i kicked bak in my seat and loosened my tie, im
wasted,
(hes wasted)
still wasted frm the party last nite,

the guys in the office mite critisice me
for lookin like hell and smellin like a brewery
but im wasted
(hes wasted)
sittin here in traffic, im wasted
(hes wasted)
still wasted frm the party last nite

im only wearin 1 shoe, theres no denyin it, im wasted
(hes wasted)
still wasted
but with my smoke behind my ear
i realise it was lit, im wasted
(hes wasted)
still wasted frm the party last nite

sittin here in mornin traffic
i cud go 2 work or i cud jst pass it by
cos im wasted (hes wasted)
still wasted frm the party last nite

im wearin my *itchy flaket cape and a cowboy hat
(hes wasted)
im naked
but if i dnt go 2 work, how will i pay my debt
im wasted (hes wasted) still wasted frm the party last
nite
