I'm not always right  
But I'm sure of this  
I just wish tonight  
You'd see it my way

Broke our own hearts  
Was that not enough  
We had to fall in love  
Then watch it fall apart

We can't hide at all  
Oh, the writing's on the wall

But you can't run from a landslide  
It's like trying to count all the tears you've cried  
It's too late and God knows we've tried  
But you can't run from a landslide

This is hard to say  
No good in goodbye  
How do you walk away  
How do we even try

We can't hide at all  
Oh, the writing's on the wall

But you can't run from a landslide  
It's like trying to count all the tears you've cried  
It's too late and God knows we've tried  
But you can't run from a landslide

No way to escape  
No place left to hide  
Guess it's just too late  
You can't run from a, you can't run

You can't run from a landslide  
It's like trying to count all the tears you've cried  
It's too late and God knows we've tried  
But you can't run from a landslide

But you can't run from a landslide  
It's like trying to count all the tears you've cried  
It's too late and God knows we've tried  
But you can't run from a landslide  
You can't run from a landslide  
You can't run from a landslide
