High up in the skies much miles away  
Lived a very special man.  
One night in my dreams I heard him say he'll be  
coming to this land.

Distant lover  
King of Galaxy  
Welcome to my world of fantasy !  
Come into my world of mystery  
Welcome home to me !

I woke up into a big surprise: stars were falling from  
the skies.

I've been happy since that day  
I woke up to hear him say -  
Distant lover  
King of Galaxy  
Welcome to my world of fantasy !...  
Fantasy - fantasy -

Distant lover  
King of Galaxy  
Welcome to my world of fantasy !...
