[Chorus 2x]

Mean mug niggas lookin and they hid from a smile
But inside blood cookin, got a problem wit my style
Click the click wit the clan, lames I don't understand
If ya feel that ya real, fuck a song, grab ya steel

[Juicy J]

These snitchin niggas claim we dealin
Told the folks we pimpin women
But a nigga ain't gone livin
Locked up in a fed building
All in my fuckin face
All up on my fuckin case
Im about to take some names
Bodies gone get bucked and hanged
Haters we ain't barrin you
Yall done pressed the panic fuse
Nigga we ain't been cool
Never have I fucked wit you
Neither do ya fuck wit me
On yo deals, smoke yo trees
Playa lma make yo bleed
For them Z's or them Ki's

[DJ Paul]

Now all these niggas downin me is some bitches
Mane I got models (Hoe)
I blow all of yo insides up out you and make you hollow

Chorus 2x

La Chat:

So you call yourself a gangsta mutherfucka you bitch
La Chat I'm out here on the town, I do some real
gangsta shit
You talk alot of shit killa can you back it up though
Them boys can't help you when I buck them hollow

Now have you ever killed a nigga, have you blew out
his brains
Or have you cut the body up and fed your dog the
remains
See scandalous is how I'm labeled, cuz I ain't takin shit
I be that bitch so quick to click, remove your face from
your wig
Now if you wanna fuck wit me I'll take you bitches to
war
Just leave ya place and address nigga, I'll be there at
your door
It ain't no need yo mammy beggin way too late for the
kids
I told you bitches from the jump, you shouldnt have did
what you did
So whats up killa, shit, whats up whats up, I thought you

Not tough enough, to drop on up, now I got that pump
at your guts
So if you got your mug on me I'm takin that as a threat
La Chat gone ride down on you hoes and put that tec to
ya neck, hoe
