Its seven o'clock
On the dot
Im in my drop top
Cruisin the streets
I got a real pretty pretty lil thang
Thats waitin for me

I pull up
Anticipating
Good love
Dont keep me waitin
I got plans to put my hands in places
I've never seen, girl you know wat i mean

Let me take you somewhere
Nice and quiet
Where they'll be no one there to interrupt
Aint gotta rush
I just wanna take it
Nice and Slow

See I've been waitin fot this for so long
Making luv until the sun comes up baby
I just wanna take it
Nice and slow

See I've been waitin for this for so long
Makin luv until the sun comes up
I just wanna take it
Nice and Slow
