(by Jarl Flagg Nidhoegg)

Innocent virgin blessed by God: white skin, black hair
and red lips.

When I look at you I become so hot; deep inside myself
burns this hidden

Desire. Virgin Mary, sacred jewish whore, you cannot
be able to imagine

My lusts. Take a look and you will believe in God
nevermore. My horny

Dick will become your new god.

Forget the commandments you've learned, I preach to
you about love under

Will. So many orgasms you could get earned. Just
prepare to face my

Sexual revelations. I tear to pieces your white dress.

You scream in

Fear, I cry for lust. Your weak defence is totally useless:

I break your

Will and rape you hard. I bite your naked neck; I suck
your bloody

Nipples while you cry. To perform cunnilingus I spread
your legs. In

Ecstasy I deflorate virgin Mary.

I fuck you hard, you weep in pain. Desecrated Mary,

Gods scorn is upon

You. I ejaculate, my orgasm rages through my veins. In
the name of Satan

May Mary bear us the Antichrist!
