You push a lot You push a lot You undid the wallpaper, made it so undressed (In your head)

No attention (bad) (x4) I'd rather be lost than found

I'll stick to reason, for chasing monsters She's the mother of the ox and the devil She's wonderful (just like you)

I'd rather be lost than found Rather be heard than right Rather be sick than dead Rather be loved than not loved (again)

Leave your work at home put down your briefcase (x4)

Rather be cold than cruel Rather be wrong than good Rather be criss than cross Rather loved than not loved (again)

I'd rather be lost than found Rather be heard than right Rather be sick than dead Rather be loved than not loved (again)

(Should leave your work at home, put down your briefcase)
