"Freak Out"

Freak out
You'll find the blackest heart arising
Freak out
You'll find there's nothing much behind it.

And I stoned the birds with broken wings
There's nothing to freak out about at all.

Freak out
You'll find that violence is not a cause.
Is not a cause, is not our cause,
Is not our cause is not our cause all.

My desire to make the (markets bleed?)
Is nothing to freak out about at all.

Freak Out
Out out
Freak Out
Out out
Freak Out
Out out
Freak Out
Out out
Freak Out
Out out
