Everybody in his or her own life needs a hobby,
Fills the voids that working late create
Everybody in his or her own life needs a hobby,
Fills the voids that working late create

We can win (x4)
Can you hear us? (x4)
We've got our fingers on the pulse of America
We cross our hair in the town of America
come in search for

Not too political enough to discover
Wake up (x2)
You're a person on fire!
Not too political enough to discover
Wait (x4)
Wake up (x4)
You're a person on fire!
Wake up (x4)

At the paths we cross is the curse you speak
It all starts with a gunshot blowing up the streets
>From the paths we cross is the curse you speak
It all starts with a gunshot blowing up the streets

Can you hear us? Not too political enough to discover
(x2)

Wake up
You're a person on fire (x2)
We've got our finger on the pulse of America (x2)
