Do it!, just do it!

exploit yourself just sellout, cash cards, just sellout
Do it to yourself before its done to you

It's the euro, dollar, the yen or rubal
Sellout is the aim
On the billboard, in the adverts, this is the big game

Exploit, sellout, poser sellout,
Cos were up for sale
This is steep not cheap and get in now
Before it all goes stale
Take back your Cadillac
Your bike, cab, train or plain
Jet set in poverty
If I walk its just the same

Do it

Adbusters, slashers, snipers
Cultural jammers, hey'all
Paper tiger, this is your call
come with me let's burn down the mall

the world has gotten just so unbelievably commercial,
right?
And people are starting to go a little bit crazy from it!
They've completely bought into it
And it's been a hell of a ride
But now they're reaching a saturation point
They think, maybe, they're getting to the end
of this business of glitz and hype and you gotta have it
so we say, in a fact, yeah, your instincts are right
for the first time in forever, marketing isn't cool
eccess isn't coolÃfÂçâ, -Ã,Â!.
we do a trend piece, not a think piece
but more of a package for four or five spreads
we built a package around these people
we turned them into stars

exploit yourself just sellout, cash and cards, just sellout

Do it to yourself before its done to you

For the cash
