Another secret for ya  
I've been told if you want to make it in this game  
You got to have the luck  
You got to have the look

To make what I quite like to make it through the night  
My heart beats slow fast, I don't feel right  
With a sleight of hand I might die  
What about you over there?  
Don't you think I care?  
Well I know you know I know you know I know  
And to the man who would be king  
I would say only one thing  
And to the man who would be king  
I will say only one thing  
la la la-la-la-laa la la la-la-la-laa

I lived my dreams today  
And I have lived it yesterday

And I'll have lived it tomorrow  
No don't look at me that way  
Well I heed the words you say...  
But my heart has gone astray  
I watched friendship slip away  
But it wasn't s'posed to be that way

I lived my dreams today I lived it yesterday  
And I'll be living yours tomorrow  
Anything else to say?  
I lived my dream today I lived it yesterday  
And I'll be living yours tomorrow  
So don't look at me that way!  
What's about you man, Nancy my dear  
What's about you man, Nancy my dear  
What's about you man, Nancy my dear

What will you do when she comes here?  
Oh she'll kill me  
Oh, I don't wanna kill me  
And to the man who would be king  
I would say only one thing

And to the man who would be king  
I would say only one thing  
la la la-la-la-laa la la la-la-la-laa  
Perish the day when they heed what you say  
They'll take you away if they don't like what you say  
They don't like what you say

So come what may but I'll never stay

I'll never stay
