Oh, oh

Stop
You don't have to question
Every wrong impression
When you're thinking of me
It must be a belief
No missecond guessing
That I'm not confessing
What you know will never be

I hear my angels dying
Cupid crying
When you're tripping on me

I need a lover tonight, and a friend tomorrow (a friend tomorrow)
So when you not out of sight, out of mind
So take your tears and your fight
Your pain and your sorrow
All I've left is one more try
Before it's goodbye

What
Is it you're accusing?
I'm so tired of choosing to apologise
Another time to end the fights we keep beginning
Nobody's winning
But still we try

To believe in what we're feeling
When all I seem to feel is pain (oh)

I need a lover tonight, and a friend tomorrow (tomorrow)
So when you not out of sight, out of mind
So take your tears and your fight
Your pain and your sorrow
All I've left is one more try (try)
Before it's goodbye

What can I do before we decide our time is through

I want you to know that I will be right there for you, oh
Before it's goodbye

I need a lover tonight (lover tonight), and a friend
tomorrow (tomorrow)
So when you not out of sight, out of mind (not out of
sight, out of mind)
So take your tears and your fight
Your pain and your sorrow
All I've left is one more try
Before it's goodbye

I need a lover tonight (oh yeah), and a friend tomorrow
So when you not out of sight, out of mind (not out of
sight, out of mind)
So take your tears and your fight
Your pain and your sorrow
All I've left is one more try
Before it's goodbye
