Look pretty good, [Incomprehensible]
She'll never know until she tries
I can be a fantasy, until she dreams about me

I didn't wanna talk, didn't even know your name
But the way that you moved your body
I could tell that you were game, come on
As I moved a little closer to you, you cast your spell on
me

I didn't wanna stop, didn't wanna miss a beat
'Cause the passion inside of you, knocked me off my
feet
There was nothing I could do about it, you had a hold
over me
It must have been plain to see

But don't go jumping to conclusions
I ain't looking for romance
I'm having the best time now but please understand

Don't even think that I
(Look pretty good, [Incomprehensible])
Wanna run away with you
Never assume that I
(She'll never know until she tries)
Could ever feel the way you do

Who said a thing about
(I can be a fantasy)
Love forever true
Don't even dream about, dream about it
(Dream about me)

You led me to your ride, pulled the soft top down
I could tell I'd got your motor running as we cruised
through town
As a warm breeze strokes your body, I felt you touching
me
It wasn't just a fantasy, no

But don't go jumping to conclusions

I ain't looking for romance
I'm having the best time now but please understand

Don't even think that I
(Look pretty good, [Incomprehensible])
Wanna run away with you
Never assume that I
(She'll never know until she tries)
Could ever feel the way you do

Who said a thing about
(I can be a fantasy)
Love forever true
Don't even dream about, dream about it
(Dream about me)

Don't ever dream that this could be more than just
sexuality
Just 'cause I'm knocking boots with you, don't mean a
love for ever too
You ought to think yourself lucky to land yourself a
squeeze like me
So you just appreciate it before you go and waste it

Don't even think that I
(Look pretty good, [Incomprehensible])
Wanna run away with you
Never assume that I
(She'll never know until she tries)
Could ever feel the way you do

Who said a thing about
(I can be a fantasy)
Love forever true
Don't even dream about, dream about it
(Dream about me)

Don't even think that I
(Look pretty good, [Incomprehensible])
Wanna run away with you
Never assume that I
(She'll never know until she tries)
Could ever feel the way you do

Who said a thing about
(I can be a fantasy)
Love forever true
Don't even dream about, dream about it
(Dream about me)

Don't ever dream that this could be more than just

sexuality

Just 'cause I'm knocking boots with you, don't mean a
love for ever too

You ought to think yourself lucky to land yourself a
squeeze like me

So you just appreciate it before you go and waste it,
yeah
