Move your body  
(La, la, la, la, la, la)

Move ya body, body  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)  
Move ya body, body  
Shake your body on me  
Work your body for me

Got me shaking  
In my skin  
Feel this aching  
From within  
Your love making  
Got me begging on my knees

There's no time for faking  
Cos it's you I wanna please, yeah

Move ya body, body  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)  
Move ya body, body  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)  
Move ya body, body  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)  
Move ya body, body  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)

Move ya body  
I like it  
when you kiss my neck

Gets me tipsy  
I won't pretend  
That I can't control  
My urge to get down  
(Spike it up, flip it up, turning me round)  
Telling you I'm shook up babe  
Got me shook up, shook up  
On your love

Move ya body, body  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)  
Move ya body, body  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)  
Move ya body, body  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)  
Move ya body, body  
Shake your body on me  
Work your body for me

Oh, oh, oh, oh, oh  
(Ooh, ooh, ooh, ooh, ooh)  
Move your body, yeah  
Oh, oh, oh, oh, oh  
(Ooh, ooh, ooh, ooh, ooh)

Baby it's you  
That brings me home  
That turns me on  
Baby it's you  
That keeps me high  
That makes my night  
I wanna say this  
Baby it's you  
The only one who understands  
Deep down  
Baby it's you  
There's no other way to say this  
(I can't deny baby)  
Baby it's you

Move ya body, body  
(Baby)  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)

Move ya body, body  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)  
Move ya body, body  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)  
Move ya body, body  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)

Move ya body, body  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)  
Move ya body, body  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)  
Move ya body, body  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)  
Move ya body, body  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)

Move ya body, body  
Shake your body on me  
Work your body for me  
Move ya body, body  
Shake your body on me  
Work your body for me  
Move ya body, body  
Shake your body on me  
Work your body for me  
(Ooh, ooh, ooh, ooh, ooh)  
Move ya body, body  
Shake your body on me  
Work your body for me
