Sunday morning,
Summer calling,
gets me outta my bed (yeah, yeah, yeah)
hit the beat box,
hear the tunes drop,
mixing up in my head (yeah, yeah, yeah)

Jump in my,
ride in my,
cruise to where the crowd is gonna meet,
the only place to be,
all the people say (yeah, yeah, yeah)

[Bridge]
Theres nothing better,
than to loose myself in hazy weather,
helps me relax my mind,
makes me smile,

[chorus]
All i need is sunshine,
just to make me feel fine,
when you take that away,
take away my lifeline,
i love it when the rain storms,
means all my pains gone,
cause its summertime,
the summertime,

Faces smiling,
super styling,
strutting down the street (yeah, yeah, yeah),
never stopping,
body popping,
movin to the beat (yeah, yeah, yeah)

when its hot,
you just got,
to hit the pool and cool off,
theres the block to watch,
everybody rock (yeah, yeah, yeah)

[Bridge]

Theres nothing better,
than to loose yourself in hazy weather,
helps you relax your mind,
makes me shine,

[Chorus]

All i need is sunshine,
just to make me feel fine,
when you take that away,
take away my life line,
i love it when the rain storms,
means all my pains gone,
cause its summer time,
its summertime,

I got my girls with me,
there singing (yeah, yeah, yeah),
i got my boys with me,
there singing (yeah, yeah, yeah),
I got my girls with me,
you better sing it (yeah, yeah, yeah),
now everybody say (yeah, yeah, yeah)

[Chorus x 2]

All i need is sunshine,
just to make me feel fine,
when you take that away,
take away my life line,
i love it when the rain storms,
means all my pains gone,
cause its summer time,
its summertime,
