So many complications going on in my head  
Too many conversations and I don't know what I've said  
Am I breaking down inside  
Cos nothings coming out when I cry  
I can't cry  
And every road I've travelled in vain  
It always leads me back to the same

I can't make up my mind  
Because of you, I am willing to try  
And every day that passes by  
Feeling my hope grow, cos I know  
You'll be there

Every little frustration spinnin out of control  
Into another situation, and I just cannot resolve it  
I'm hurt inside  
But still I can't cry  
And God knows I've tried  
And though this road I travel is long  
There's always you here driving me on

I can't make up my mind  
Because of you, I am willing to try  
And every day that passes by  
Feeling my hope grow, cos I know  
You'll be there  
I can't make up my mind  
Because of you, I am willing to try  
And every day that passes by  
Feeling my hope grow, cos I know  
You'll be there

Dreaming me, moving on  
(There I lay), gettin strong  
Shelter me from the storm  
You're my protection  
Keep me safe, keep me warm  
When I'm lost, when I'm alone  
You're the one to bring me home

And though this road I travel is long  
There's always you here driving me on

Now I have made up my mind  
Because of you, I was willing to try  
And now the days don't pass me by  
Now my hope's grown  
And you know I'll be there  
I have made up my mind  
Because of you, I was willing to try  
And now the days don't pass me by  
Now my hope's grown  
And you know I'll be there
