Please don't go...

I've been waiting for a long long time

But you keep walking on the side of

You are my sunshine in my fantasy

You need to know that I just won't let you go

In my mind I fantasize,

Feels so good when you hold me tight

Please don't go away this time

Since you came right into my life

Get closer to me, so I'll get closer to you

And feel the love and the passion surrounding us now

Get closer to me so I'll get closer to you

And we can make it through into another night

I'm still waiting for you by my side

But you keep walking on the side of ____

You're in my dreams and in my fantasy

Don't break my heart 'cause I just won't let you go

You don't seem to realize

I'm waiting for you so baby open your eyes

Please don't go away this time

Since you came into my life

Touch me touch me

Feel the love that you're givin' me

Touch me, touch me

This will feel so real

Touch me touch me

'Cause your love is too blind to see

Touch me, touch me

And make me feel so real
