You
You
You will be mine now
We can run again
Teething Vicodin
Peace and Innocence wins
When I'm inside
I'm living a lion

Someone
Someone
Someone kill me please
Be a memory
I already see
The pain I'm going to be in
Happy I met you
Happy you left me
Happy
Happy
Happy
Happy

You
You
You have cut me off
I no longer love
Heart is drained of blood
What I'm speaking of is
A black hole inside
I'm living a lion

Someone
Wants their
Half back.
