"The Thief"

Visit "[The Thief](#)" on MotoLyrics.com

You've laid inside
So lately I know,
Need to fake it
You hang around as though you're crowned
The king of ages

It ain't so bad
Those dreams you had
But you just sit and sigh
Don't you feel it? Steal it?

What I'm feeling, is a new psalm
What you're stealing, is a new song

Those seeds inside's
The reason why
You fit so greatly
So say, my friend
So say, it ends
When comes the lately?

It sears so deep
My fears, my sleep
I can't just sit and sigh
Don't you feel it? Steal it?

What'd you live for?
