Liking you and loving you
Is something that I wanna do
But I'm afraid if I told you
You'd turn your back and say shame on you.
So I'd rather hide my feelings
Because I wanna be with you,
And I'd rather hide my feelings than say I love you.

I know you, you like me too
But as a friend until the end
I see you flirt and that really hurts
Coz I'm so sure she'll hurt you too
So I'd rather hide my feelings
Because I wanna be with you,
And I'd rather hide my feelings than say I love you.

I'm so in love with you
I can't do anything about it
I feel so bad about it.

So I'd rather hide my feelings
Because I wanna be with you,
And I'd rather hide my feelings
And I'd rather hide my feelings
And I'd rather hide my feelings than say I love you.
