Has the raining stopped yet?
I don't notice anymore
pick up your face
sit down in the rain
as you've never really done before
how can this be stopped when
you just opened up the door?
how can I go
back to my home
thinking life is such a bore?

interesting
it seems to me
the irony of ecstasy
is coming down much harder than before
interesting
when you can see
that normal life's like sleep-walking
compared to all the things you once ignored

you wake me up
when you're around
it's just my luck
can't do without
and when you're gone
watch as I drown
you bring me down
you bring me down...

back and forth
I'm walking
I'm in heaven and in hell
life is asleep
between the sheets
the person has to keep the weak
back and forth you're walking
you're my heaven and my hell
keep me awake
don't wanna sleep
just until the next farewell

interesting
it seems to me
the irony of ecstasy
is coming down much harder than before
interesting
when you can see
that normal life's like sleep-walking
not another day
not another day
can't take much more

you wake me up
when you're around
it's just my luck
can't do without
and when you're gone
watch as I drown
you bring me down
you bring me down...
