

Life Of Agony

"Apocalyptic Dawning"

Sooner or later will happen,
Total destruction of creation!
Radiation in the atmosphere,
Human's total revocation!

Someone heard the end is near,
All the mass will disappear!
First Impression of corruption!
Till the world falls into darkness!

" Ils erent dans les rues de la ville
Nourris par les radiations!
Les especes mutantes si viles,
De rats en constante expansion!"

Devastated scenery!
Emeciated landscape!

Someone heard the end is near!
All the mass will disappear!
First impression of corruption!
Till the world falls into... darkness!
