And it was never enough
And it was never enough now
That heroin stuff
Traveling through daddy's arm now

And it was never enough
And it was never enough now
That heroin stuff
Traveling through daddy's arm now

Cuffed in that junk, who knows if I would survive
Once you start shooting, forget living life
Lost in your shadows, no soul, no backbone
Sucked in, locked down, spinning breakdown, heroin
whores

Everybody's talking 'bout heroin dreams
Everybody's talking 'bout heroin dreams
Everybody's talking 'bout heroin dreams
What the fuck you gonna do with the rest of your life?

And it was never enough
And it was never enough now
That heroin stuff
Traveling through daddy's arm now

And it was never enough
And it was never enough now
That heroin stuff
Traveling through daddy's arm now

Scream at me, backslap me, chew off my ears
And I can't stop this sickness, I've been trying for years
Deeper and deeper lies sensational fears
They're here just to guide you as we age through the
years

Everybody's talking 'bout heroin dreams
Everybody's talking 'bout heroin dreams
Everybody's talking 'bout heroin dreams
What the fuck you gonna do with the rest of your life?
What the fuck you gonna do with the rest of your time?

I'm lost in your shadows
I'm lost in your shadows
I'm lost in your shadows
I'm lost in your shadows

And I'm lost in your shadows
And I'm lost in your shadows
And I'm lost in your shadows
And I'm lost in your shadows

Everybody's talking 'bout heroin dreams
Everybody's talking 'bout heroin dreams
Everybody's talking 'bout heroin dreams
What the fuck you gonna do with the rest of your life?
