JUNK SICK

I was beating my head in, head in Against the wall

I was beating my brains dead, brains dead Against it

all Junk Sick

Just here for the cure And I'd spit into his eyes, his eyes

When he was out on bail Man

I've done a lot of time waiting Time waiting But you

failed me Junk Sick(DEAD)

Don't get me wrong Junk Sick(DEAD) Just here for the

cure Junk sick Don't get me wrong

I was beating my head in Against the wall I was beating

my brains dead Against it all
