Agents of brutality,
See them come infinitely!
To inflict their reality,
To rot in Horror!

HORROR! See the bloody gore spill!
From bodies, of the last race!

Spirits from the other side,
They watch our sorcery,
Hiding guts horribly,
That fixed you!

AAHHH! Forces come to me... MODERN!!!
Way to suprematy!

Corpses fill my mindscape,
As I try to escape!
From this insanities,
I'm walking in horror!

HORROR! HORROR! HORROR! HORROR!

When you fall into madness,
All your rage give it to me!
This form of brutality,
Easier to access!

Trash in the pits that attracts you,
Nothing could keep you from!
To fucking vociferate,
AND LISTEN TO THIS SHIT!

Spirits from the other side,
They watch our sorcery!
Hidding guts horribly!
That fixes you!
