Intro: What are we/what are we gonna be/what are we?  
Simple to govern, easy to lead?  
A-B-C-D-E-F-G  
Clock's tickin' slow it's a quarter to three  
What do you learn in school  
School's for fools  
What do they teach you now  
School's for fools  
Early in the morning you're late for class  
Schoolboy policeman busts your ass  
Teacher tells you what to say  
Teacher tells you what to say and what to do and  
teacher tells you when to pray  
A-B-C-D-E-F-G you want to tell your teacher about L.S.D.

Teacher tells you form a line  
Single file lemmings up against the wall  
Burn the books and save the mind  
What do you learn...nothing  
What do you learn in school  
What do you learn...nothing
