We have kept a light on through the trouble
Treaded water in a sea of tears
Now Iâ€™m shooting arrows across your night sky
Trying to land in your atmosphere

If we can make it through this storm
And become who we were before
Promise me weâ€™ll never look back
The worst is far behind us now
Weâ€™ll make it out of here somehow
Meet me in the aftermath
Oh Meet me in the aftermath

Thereâ€™s so much more to life than all of the hours
Moments that just slid beneath our feet
In the times that we put it all on the table
And help feels too far beyond our reach

If we can make it through this storm
And become who we were before
Promise me weâ€™ll never look back
The worst is far behind us now
Weâ€™ll make it out of here somehow
Meet me in the aftermath
Oh Meet me in the aftermath

If we can make it through this storm
And become who we were before
Promise me weâ€™ll never look back
The worst is far behind us now
Weâ€™ll make it out of here somehow
Meet me in the aftermath
Oh Meet me in the aftermath
Meet me in the aftermath
