It seems the more we talk  
The less I have to say  
Let's put our differences aside  
I wanted to make you proud

But I just got in your way  
I found a place that I \*CAN\* hide  
Now everything is changing  
But I still feel the same

We're running out of time  
What do I have to do  
To try to make you see  
That this is who I am  
And its all that I can be

I tried to find myself  
Looking inside your eyes  
You were all that I was meant to be  
There must be something else

Behind all the lies  
That you have lead me to believe  
Now everyone is saying  
That I should find a way  
To leave it all behind  
What do I have to do  
To try to make you see  
That this is who I am  
And its all that I can be

What do I have to do  
To try to make you see  
Trying to be like you  
isn't good enough for me

I wont let you go  
I wont let you down  
I wont give you up

don't you give up on me now  
What do I have to do

To try to make you see  
That this is who I am  
And its all that I can be

What do I have to do  
To try to make you see  
Trying to be like you  
isn't good enough for me  
What do I have to do  
To try to make you see  
Trying to be like you  
isn't good enough for me
