Gotta keep your head up and move along move along  
Gotta keep you head come and carry on carry on

Gotta keep your head up and move along move along  
Gotta keep you head come and carry on carry on

Gotta keep your bright song and cruise along cruise  
along  
Gotta keep your head up and move along move along

We've tried it all night long chasing miles and breaking  
down  
We gotta take a chance while we're still young  
But it's gotta be tonight  
It's gotta be tonight

Gotta keep you head up and stay awake stay awake  
Gotta keep you head up and stay awake stay awake  
This road is rough wanna be heartache heartache  
Gotta keep you head up and stay awake stay awake

We've tried it all night long chasing miles and breaking  
down  
We gotta take a chance while we're still young  
But it's gotta be tonight  
It's gotta be tonight

Gotta keep your head up and move along move along  
Gotta keep you head come and carry on carry on

Gotta keep your bright song and cruise along cruise  
along  
Gotta keep your head up and move along move along

We've tried it all night long chasing miles and breaking  
down  
We gotta take a chance while we're still young  
But it's gotta be tonight  
It's gotta be tonight

It's gotta be tonight

It's gotta be tonight
