You know you're everything to me
And I could never see the two of us apart
And you know I give myself to you
And no matter what you do I promise you my heart

I built my world around you and I want you to know
I need you like I've never needed anyone before

I live my life for you
I wanna be by your side
In everything that you do
And if there's only one thing
You can believe is true
I live my life for you

I dedicate my life to you
You know that I would die for you
Thought our love would last forever
And I will always be with you
And there is nothing we can't do
As long as we're together

I just can't live without you and I want you to know
I need you like I've never needed anyone before

I live my life for you
I wanna be by your side
In everything that you do
And if there's only one thing
You can believe is true
I live my life for you

Oh, I built my world around you and I want you to know
I need you like I've never needed anyone before

I live my life for you
I wanna be by your side
In everything that you do
And if there's only one thing
You can believe is true
I live my life for you, oh yeah
I live my life for you
