I will not stop searching 'till I am where I want to be  
cause all I have is nothing without you right here with  
me

I won't stop chasing after you  
it doesn't matter how far  
cause everything that I need is everything you are

and I would wait right here forever  
just to be where you are  
and I would trade it all in a second  
just to be where you are

and I would wait right here forever  
just to be where you are  
and I would trade it all in a second  
just to be where you are

don't have all the answers  
but one thing I know is that  
where you are going is where I want to go  
don't have all the words to tell  
I know cause I've already tried  
all I know is that when you are here

you make me feel alive

just to feel  
to feel you here with me  
just to hear you whisper  
the words that are priceless to me  
just to know you more  
to be with you  
to lose myself in you  
is all I want  
all I want  
just to be where you are

and there is nothing that I wouldn't do  
just to be where you are  
and there is nothing that I wouldn't go through  
just to be where you are
