Her eyes like fire and ice
Her words sharp more than a knife
Her hands are ever so cold
But her voice is like wine and roses

Yea she's both shadow and light
She's both surrender and fight
She wears her heart on her clothes
And her scars always remember
Yesterday

[Chorus x2]
Was dreaming about lady day
Daydreaming about lady day
She was 18 shades of grey
18 and beautiful

Her road was harder than most
She walks the walls like a ghost
Her smile's both pleasure and pain
And her guns are always loaded

Her soul's as big as the sky
Her laugh way ahead of it's time
This town's too small for 'em both
She's a time bomb that just exploded
Yesterday

[Chorus x2]
Was dreaming about lady day
Daydreaming about lady day
She was 18 shades of grey
18 and beautiful

Her eyes like fire and ice
Her words sharp more than a knife
Her hands are ever so cold
And her guns are always loaded

[Chorus x2]
Was dreaming about lady day

Daydreaming about lady day
She was 18 shades of grey
18 and beautiful
