Could you let down your hair, be transparent for a while?

Just a little while, see if you're human after all

Honesty is a hard attribute to find

When we all want to seem like we've got it all figured out

But let me be the first to say that I don't have a clue

I don't have all the answers and gonna pretend like I do

Just trying to find my way

Trying to find my way

The best that I know how

Well, I haven't memorized all of the cute things to say

But I'm working on it

Maybe I'll master this art form someday

If I quote all the lines off the top of my head

Would you believe that I fully understand all these things I've read?

I'm just tryin' to find my way

Trying to find my way

Trying to find my way

The best that I know how

Well, I haven't got it all figured out quite yet

But even if it takes my whole life to get to where I need to be

And if I should fall to the bottom of the end

I'll be one step back to you

I'm trying to find my way

I'm trying to find my way

Oh, I'm trying to find my way

Trying to find my way
