Wrap my arms around your name
Feel your breath against my pain
As i breathe out
The past is gone
Empty smile
Naked heart
Who I was, falls apart
When you're here
Inside of me
Feel till your numb
Depth perception becoming
The new deaf and dumb

I'm losing myself just to find a place in your mind
In your mind
Changing myself, just to stand alone in your eyes
In your eyes
Pull me in, take me out, make me over

Read the wave, ride your fears
In this ocean of years
We've been here
Swiming on

Take me deep, till I find
Every corner of your mind

We've been here
Swiming on

Touch, till you taste
All the time
We are wasting alone
Waiting here

I'm losing myself just to find a place in your mind
In your mind
Changing myself, just to stand alone in your eyes
In your eyes
Pull me in, take me out,
make me over, and shout me out loud,
Shout me out loud

I'm losing myself just to find a place in your mind
In your mind
Changing myself, just to stand alone in your eyes
In your eyes
I'm losing myself just to find a place in your mind
In your mind
Pull me in, take me out, make me over
