I'm standing
I'm waiting
I'm falling more in love with you
Every time I find myself here
And what I feel for you
It can't be contained
And how I long for you to come
I want to get carried away by you

And everything I want is everything you are
Everything I am is yours
It's yours and yours alone
Everything I want you are

I've got nothing to lose except myself
I can do without cause I'll just get in your way
So here I am I know it's not a lot
But all of it is yours
And by letting go I felt so much more

Everything I want is everything you are
Everything I am is yours
It's yours and yours alone
Everything I want is everything you are
And everything I am is yours
It's yours and yours alone
It's yours and yours alone
It's yours and yours alone
It's yours and yours alone

I am standing
I am waiting
I'm following
With hopes of
Getting closer
I'd do anything
I am running
Not sure where I'm going
And going as fast as I can
And I'm trusting
That you'll lead me
And carry me the rest of the way

Everything I want is everything you are
Everything I am is yours
It's yours and yours alone
Everything I want is everything you are
And everything I am is yours
It's yours and yours alone
It's yours and yours alone
It's yours and yours alone
It's yours and yours alone
Yours and yours alone

Everything I want is everything you are
Everything I am is yours
It's yours and yours
