I know what it's like to hide  
Sit in your room and break down and cry  
And all I could say was your name  
I've had my share of pain  
But I know it's made me who I am today  
So I look back with no regrets  
I look back with no regrets

I know that you are watching me  
Somewhere over the moon  
Shouting down that you love me  
Wondering why I can't hear you

If only for a moment  
If only in my mind  
I could go back to the beginning  
In the place I felt like a child

I can tell you mean well by your eyes  
But a father's intentions can be turned to lies  
But nobody's perfect I guess  
People will let you down  
I followed the leader that fell to the ground  
But you never left me alone  
You never left me alone

I know that you are watching me  
Somewhere over the moon  
Shouting down that you love me  
Wondering why I can't hear you

If only for a moment  
If only in my mind  
I could go back to the beginning  
In the place I felt like a child

I know that you are watching me  
Somewhere over the moon  
Shouting down that you love me  
Wondering why I can't hear you

If only for a moment  
If only in my mind  
I could go back to the beginning  
In the place I felt like a child
