This is a night, like none before
I knew it when you opened up the door
With the look, to paint the sky
Let me read between the lines in your eyes, tonight

It's the event, we dreamed about
Where we whispered all the voice they're shouting out
And now it's one, two, three, four, tonight

I'm with you when the lights go down
Take my hand I'm all yours now
I know you're the only one
That would never lead me on

I'm with you when the lights go down
'Cause you're the one that
Only you're the one that

The only one who keeps it here
In each moment as the voices disappear
The audience stands the band begins
And it's one, two, three, four, tonight

I'm with you when the lights go down
Take my hand I'm all yours now
I know you're the only one
That would never lead me on

I'm with you when the lights go down
'Cause you're the one that
Only you're the one that

Only you're the one
Only you're the one

I'm with you when the lights go down
Take my hand I'm all yours now
I know you're the only one
That would never lead me on

I'm with you when the lights go down

Take my hand I'm all yours now
You're the one that
'Only you're the one that

You're the one that
Only you're the one that
