How long have I
Been in this storm
So overwhelmed by the ocean's shapeless form
Water's getting harder to tread
With these waves crashing over my head

If I could just see you
Everything will be alright
If I'd see you
This darkness will turn to light

And I will walk on water
And you will catch me if I fall
And I will get lost into your eyes
I know everything will be alright
I know everything will is alright

I know you didn't
Bring me out here to drown
So why am I 10 feet under and upside down
Barely surviving has become my purpose
Cause I'm so used to living underneath the surface

If I could just see you
Everything will be alright
If I'd see you
This darkness will turn to light

And I will walk on water
And you will catch me if I fall
And I will get lost into your eyes
I know everything will be alright

And I will walk on water
And you will catch me if I fall
And I will get lost into your eyes
I know everything will be alright
I know everything is alright

Everything's alright

Yea

Everything's alright
