Could you let down your hair
Be transparent for awhile?
Just a little while
To see if you're human after all

Honesty is a hard attribute to find
When we all want to seem like
We've got it all figured out

Well, let me be the first to say that I
Don't have a clue
I don't have all the answers
Ain't gonna' pretend like I do

Just trying to find my way
Trying to find my way
The best that I know how

Well, I haven't memorized
All of the cute things to say
But I'm working on it
Maybe I'll master this, art form someday

If I quote all the lines off the top of my head
Will you believe
That I fully understand
All these things I've read

I'm just trying to find my way
Trying to find my way
Trying to find my way the best that I know how

Well, I haven't got it all
Figured out quite yet but
Even if it takes my whole life
To get to where I need to be

And if I should fall
To the bottom of the end
I'll be one step back to you and

Trying to find my way

Trying to find my way
Oh, I'm trying to find my way
Trying to find my way
