This doubt is screaming in my face
In this familiar place
Sheltered and concealed
And if this night won't let me rest
Don't let me second guess
What I know to be real

Put away all I know for tonight
And maybe I just might
Learn to let it go
Take my security from me
And maybe finally
I won't have to know everything

And I am falling into grace
To the unknown to where you are
And faith makes everybody scared
It's the unknown
The don't know that keeps me hanging on and on
On to you

I got nothing left to defend
I cannot pretend
That everything make sense
But does it really matter now
If I do not know how
To figure this thing out

And I am falling into grace
To the unknown to where you are
And faith makes everybody scared
It's the unknown
The don't know that keeps me hanging on and on
On to you

I am against myself again
Tryin' to fit these pieces in
Walking on a cloud of dust to
Get to you

And I am falling into grace
To the unknown to where you are

And faith makes everybody scared
It's the unknown
The don't know that keeps me hanging on and on
On to you

And I am falling into grace
To the unknown to where you are
And faith makes everybody scared
It's the unknown
The don't know that keeps me hanging on and on
On to you
