"You Can Shake The Mountains"

Freedom comes in the morning time
As the sun begins to shine
On my face
And even in the dark i'm not alone
You guide me by the hand
You won't let go
And i know you'll carry me when i can't walk

And you can
Shake the mountains with a whisper
And you, you speak
And i fall at your feet again

You burned the chains off of my feet
That held me to the ground
You let me rise
Don't ever let me come back down
Or even live a day apart from you
'Cause you lifted me
Higher than my doubts and fears

And you can
Shake the mountains with a whisper
And you, you speak
And i fall at your feet
And you are so beautiful

And i am so in love with you
You, you lead
And i will follow close behind

Now i'm waiting here for you
And don't be far away tonight
Lead me to the place where i can go and find rest
'Cause i'm so tired
And now let me feel your breath on my face

You can
Shake the mountains with a whisper
And you, you speak
And i fall at your feet
And you are so beautiful

And i am so in love with you
You, you lead
And i will follow close behind

You...(la di di di)
You...(la di di di)
