Tell me when you've had enough  
I know I need some

Really huh, do you want some of this?  
Do you wanna try?

Do you think that you've had enough?  
Tell me you're falling in love  
But I know that you sleep alone

Really huh, do you want some of this?  
Do you wanna cry?  
You still think you love me

I asked you something  
Since you know everything  
Can you believe that shit?  
Can you believe that shit?

Tell me you think you are right  
I know that you are not

Really huh, do you want some of this?  
Do you wanna try?  
Do you still think you are right?

I asked you something  
You think, you know everything  
Can you believe this shit?  
Can you believe this shit?

I asked you a question  
Since you know everything  
I don't believe that shit  
Can you believe that shit?

[Incomprehensible]

I asked you something  
You think, you know everything  
Can you believe this shit?  
Can you believe this shit?

I don't believe that shit  
Can't you believe your shit?  
I don't believe your shit  
I don't believe
