Up at the crack of dawn  
To get my ninja on  
My feudal lord said there's a mission  
Imma send you on  
Run fifteen miles  
across the isle  
Stretch out eat some hash  
Show em yer Ninja smile  
No words observe how  
I bow in the now  
Getting low  
throwin stars  
boogie down with the dao  
Up at the strip club  
Hanging off the wall  
Is it Spiderman, nah  
Its a ninja yall  
Watch a ninja flex  
Havin ninja sex  
Wanna learn to do it  
find a ninja text  
I got ninja style  
and ninja grace  
my swordll flash like a camera  
but memories I erase  
walls I'm ninja up  
then Im ninja down  
been to ninja class  
an Played the Ninja clown  
But now I'm back legit  
On the ninja tip  
And I'm coming on strong  
With that ninja shit

Like a ninja  
Like a ninja  
Gimme three square feet  
And I'll end ya  
Like a ninja  
Like a ninja  
my swordll spin into a blur  
Then I injure

So where my ninjas at  
Where my ninjas at  
every ninja for themselves  
thought we been through that  
Where my ninjas at  
Where my ninjas at  
dont want no oreos gimme ninja snaps

think its best if you dont know my ninja name  
just one of many parts  
of this ninjas game  
see while they sweating amarosa  
Im underneath their coaster  
steady plotting their demise  
with some nunchucks in a holster  
I wear a ninja mask  
Not a ninja hat  
chill in my ninja house  
til ninja dog attack  
chasing my Ninja Cat  
that chase my Ninja Mouse  
it goes on and on  
til a ninja shouts  
I love my Ninja spouse  
love My ninja kids  
Rolling their Ninja big wheels  
Doing ninja skids  
paying Ninja bills  
With these Ninja Skills  
keeping my Ninja going  
with these Ninja pills  
Riding my ninja bike  
Sportin Ninja Nikes  
Take me to a Ninja movie  
And Im Ninja psyched

To get my Ninja on  
and mow my Ninja Lawn  
fading into the shadows  
From Dusk till dawn

chorus

goin nin-jah  
sweep kick an flip flop  
step up youll probably get dropped  
gaiden to shadow dancer  
our legend goes on it dont stop  
nin-jahs up in this place  
crossed arms you cant see their face  
but theyll bob their heads to that bass

and rock with the whole hu-man race

Come on down to ninja town  
Theyll be no one around  
And when I pop out of the ground  
no you won't hear a sound  
Move one inch from that spot  
I cannot guarantee  
That you will live one more second  
In the presence of me  
Could kill you now could kill you soon  
Could play a tune on the flute  
Are you alone in the room?  
now I got you paranoid  
So you jump in yer car  
Im coming staight to yer neck  
With the gom jabbar  
Like the scene  
From assault on precinct 13  
then I pull a michael myers  
its halloween  
in the rearview  
Check yer neck  
Where ya felt the blade  
Thinking damn  
I could use a cup a gatorade  
As Yer catch yer breath  
Feeling close to death  
Look in the backseat  
Theres nothing left  
so Ya pump the breaks  
and now Ya got the shakes  
Looking down at your feet  
All you see is snakes  
Then a buncha bright lights  
So you cover your eyes  
Its the candles on your cake  
And we yelling surprise!  
Touched and moved  
your eyes have moistened  
I hope you liked the cake  
By the way it was poisoned

chorus

ninjas be setting them traps  
and coming with the ill raps  
youll see them coming perhaps  
hit you dead in yer throat  
make yer lungs collapse  
but hey you know its all good

you did the best that you could  
I said I dont think you should  
come with a gun theyll kill you with wood
