I'm so tired
but i can't sleep a wink
and I'm in trouble deep
yeah I'm so tired
not enough cash to keep me in vices
i can't think about it now
she's getting too close and I don't even like it
i can't think about it now
I'm so tired
i can't hardly speak
it's all too much for me
yeah im so tired
always behind on the latest devices
i can't think about it now
panic in the office record label crisis
i can't think about it now
so many words i like to say to convince you i'll stay
so many words i'd like to say to convince you
I'm so tired
i can't sleep a wink
and i can't hardly think
lets try to think it another day
so many words i like to say to convince you i'll stay
so many words i'd like to say to convince
that i'm so tired
i can't sleep a wink
and i can't hardly think
lets try to think it another day
so many words that i'd love to get by this
but everyones watching I'm out of disguises
and nobody knows if the kids gonna like it
so come on and tell me don't think about all the
things that you want and the things that you need
its only a matter of what you don't see
there's not enough cash and there ain't enough vices
couldn't think about it even if i tried to.
