I'm so tired, but i can't sleep a wink
And i'm in trouble deep
Yeah i'm so tired
Not enough cash to keep me in vices
I can't think about it now
She's getting too close and i don't even like it
I can't think about it now
Always behind on the latest devices
I can't think about it now
Panic in the office
Record label crisis
I can't think about it now
So many words i like like to say to convince you i'll stay
So many words i'd like to say to convince you that i'm
so tired
So many words that i'd love to get by this
But everyone's watching me
I'm out of disguises
And nobody know if the kids gonna like it
So c'mon and tell me
Don't think about all the things that you want
And the things that you need
Its only a matter of what you don't see
There's not enough cash
And there ain't enough vices
Couldn't think about it even if i tried to
